Dr. Richard Benson, President

Mr. John Cullins, Chair of the Institutional Audit Committee:

We are pleased to submit the annual report of the Office of Audit and Consulting Services for the fiscal year ended August 31, 2023. This report is required by the Texas Internal Auditing Act and provides information on the assurance services, consulting services, and other activities of the internal audit function.

During fiscal year 2023, we issued 13 assurance-related reports and five consulting reviews, investigations, and other reports related to our audit plan. We believe the work of our office has enhanced university operations and provided value to management with recommendations relating to governance, risk management, and control processes at the University of Texas at Dallas.

If you have any questions about the contents of this report, please do not hesitate to contact me.

Respectfully submitted,

Purpose of the Annual Internal Audit Report

The purpose of this annual report is to provide information on the assurance services, consulting services, and other activities of the internal audit function. In addition, the annual internal audit report assists oversight agencies in their planning and coordination efforts.

The [Texas Internal Auditing Act](#), Texas Government Code, Chapter 2102, requires that an annual report on internal audit activity be filed by November 1st of each year and submitted to the Governor, the Legislative Budget Board, the Sunset Advisory Commission, the Texas State Auditor's Office (SAO), and the entities' governing boards and chief executives. The SAO prescribes the form and content of the report.

The annual report was prepared using the [guidelines](#) provided by the Texas State Auditor's Office. In addition to the minimum requirements, we also included other information we felt was important to the internal audit operations during fiscal year (FY) 2023. Additional information regarding the UT Dallas Office of Audit and Consulting Services can be found at the following website: <https://audit.utdallas.edu/>.

I. Compliance with Texas Government Code, Section 2102.015

The Texas Internal Auditing Act (Texas Government Code, Section 2102.015: *Publication of Audit Plan and Annual Report on Internet*) requires that the internal audit plan and the internal audit annual report be posted on the institution's website. Accordingly, the Office of Audit and Consulting Services has posted this FY23 Annual Internal Audit Report and the approved FY24 Audit Plan at the following website: <https://audit.utdallas.edu/audit-reports-and-plans/>.

II. Internal Audit Plan for FY23

The UT Dallas FY23 Audit Plan outlined the internal audit activities to be performed by Internal Audit during FY23 in accordance with responsibilities established by The [UT System](#), the Texas Internal Auditing Act, the Institute of Internal Auditors' [International Standards for the Professional Practice of Internal Auditing](#), and [Generally Accepted Government Auditing Standards](#), consistent with the [UT Dallas Audit Charter](#). The plan was prepared using a risk-based approach to ensure that areas and activities specific to UT Dallas with the greatest risk are identified for consideration to be audited.

The information in **Appendix 1** contains the Internal Audit Plan for FY23, including the status of the plan as of the date of this report. Audits that were postponed or deleted were approved by the UT Dallas Institutional Audit Committee and, as applicable, were carried forward to the FY23 audit plan.

As required by the State Auditor's Office FY23 guidelines for submitting this report, the following audit was performed to address the benefits proportionality audit requirement prescribed in Rider 8, page III-46, of the [General Appropriations Act](#) (87th Legislature):

Compliance audits of Benefits Proportionality Funding were issued on [August 31, 2020](#) and [July 11, 2022](#). The audits examined fiscal years 2018-2019 and 2020-2021, respectively. Both audits were conducted using a methodology approved by the State Auditor's Office, and both resulted in no significant issues or recommendations.

The [Texas Education Code, Section 51.9337\(h\)](#) requires that “The chief auditor of an institution of higher education shall annually assess whether the institution has adopted the rules and policies required by this section and shall submit a report of findings to the state auditor.” An assessment was completed and issued to management on August 25, 2023. In general, UT Dallas has generally adopted the policies and procedures outlined in TEC §51.9337.

In addition, in accordance with Texas Government Code §2102.005(b), Internal Audit considered methods for ensuring compliance with contract processes and controls and for monitoring university contracts during the risk assessment process for FY23.

III. Consulting Services and Nonaudit Services Completed

Consulting services include advisory and related client service activities, the nature and scope of which are agreed with the client. They are intended to add value and improve governance, risk management and control processes without the internal auditor assuming management responsibility. Examples include counsel, advice, facilitation, and training.

The following is a list of consulting services completed in FY23, as defined in the Institute of Internal Auditors’ *International Standards for the Professional Practice of Internal Auditing*.

Report No. & Date Internal Memo Issued	Title	High-Level Objectives	Observations, Results, and Recommendations
CR2301 March 10, 2023	Business Continuity Plan	Assess the effectiveness of controls over the business continuity planning system.	Due to complete turnover in the department, opportunities included improving business continuity planning processes, policies and procedures, staffing, monitoring, and training.

Advisory, facilitation and education activities included the following during FY23:

- Participating on the hotline triage team.
- Participating on institutional committees, including the University Business Council and the Endowment Compliance Team.
- Holding training sessions for university employees on internal audit, fraud, and top university risks.

- Providing advice and counsel to the university community when requested.

The Office of Audit and Consulting Services did not perform any nonaudit services as defined in *Government Auditing Standards*, [2018 Revision, Technical Update April 2021, Sections 3.64 – 3.106](#) that were completed during FY23. Nonaudit services are professional services provided to a client during an audit engagement that may threaten the independence on the audit.

IV. External Quality Assurance Review

In accordance with IIA Standards and the Texas Internal Auditing Act, an external quality assurance review was conducted during FY20. A copy of the report is included at **Appendix 2**. As of this report date, an external quality assurance review is in process and will be completed by December 31, 2023.

V. Internal Audit Plan for Fiscal Year 2024

The [FY24 Internal Audit Plan](#) was approved by the UT Dallas Institutional Audit Committee with final approval by the UT System Board of Regents' Audit, Compliance, and Risk Management Committee on August 23, 2023. A copy of the plan, including budgeted hours, the risk assessment methodology and audits addressing certain State requirements, is included as **Appendix 3**.

The risk assessment process identified high risks that are not on the FY24 plan, including those carried forward to FY24 from FY23. All critical risks identified are included on the plan. The following shows the mitigation plan for each high risk.

Risk Category	Risk Mitigation
IT Funding and Staffing	Compensation Study planned for FY24
Incident Response	Reliance on Information Security office activities
Talent Management	Compensation Study planned for FY24
Financial Aid/Scholarships	State Auditor's Office conducted audit work in FY23; FY23 audit of scholarships
HIPAA	Outside review conducted
Strategic Enrollment Planning	Provost/Cabinet initiatives
Tuition & Fees	External audit work
Institutional Compliance Program	UT System review; planned FY24 review
Contract and Grant Uniform Guidance Compliance	FY23 external audits
Campus Security	Now Reporting to Institutional Compliance, Equity, and Title IX Initiatives (ICET); reliance on ICET

Risk Category	Risk Mitigation
Minors on Campus	Now Reporting to Institutional Compliance, Equity, and Title IX Initiatives (ICET); reliance on ICET
Data Governance (External Reporting, Strategic Planning, and Metrics)	Newly created Office of Institutional Success and Decision Support - Institutional Research, Analytics, and Reporting, working on initiatives in this area over data governance at data dictionary. Full audit in FY25.
Clery Act	Reliance on ICET work

VI. External Audit Services Procured in Fiscal Year 2023

The following external audit services, including financial and performance audits and attestation engagements, reviews, and agreed-upon procedures were procured during FY22/23:

External Auditor	Services Provided
Weaver	Cancer Prevention and Research Institute of Texas (CPRIT) required audit
Deloitte	Financial audit
Postlewaithe and Netterville	Network Management audit
Weaver	Data Analytics Project

VII. Reporting Suspected Fraud and Abuse

The following actions were taken by The University of Texas at Dallas to implement the requirements of reporting suspect fraud and abuse by the General Appropriations Act:

A. Fraud Reporting

Section 7.09, page IX-38, the General Appropriation Act (87th Legislature)

A state agency or institution of higher education appropriated funds by this Act, shall use appropriated funds to assist with the detection and reporting of fraud involving state funds by:

- (1) providing information on the home page of the entity's website on how to report suspected fraud, waste, and abuse involving state resources directly to the State Auditor's Office. This shall include, at a minimum, the State Auditor's Office fraud hotline information and a link to the State Auditor's Office website for fraud reporting; and*
- (2) including in the agency or institution's policies information on how to report suspected fraud involving state funds to the State Auditor's Office.*

The following actions have been taken by UT Dallas to ensure compliance with the fraud reporting requirements:

- UT Dallas has a link for fraud reporting under “[Required Links](#)” at the University’s home page, www.utdallas.edu, which provides information about reporting fraud, waste and abuse to the State Auditor’s office.
- UT Dallas has a hotline for reporting suspected noncompliance, ethics violations, and fraud at <https://institutional-initiatives.utdallas.edu/compliance/resources/ethics-and-compliance-hotline/>.
- The Office of Internal Audit has a website for fraud at <https://audit.utdallas.edu/fraud/>.

UT Dallas complies with this in conjunction with the UT System Policy UTS118, *Statement of Operating Policy Pertaining to Dishonest or Fraudulent Activities*, located at <https://www.utsystem.edu/sites/policy-library/policies/uts-118-dishonest-or-fraudulent-activities>.

B. Coordination of Investigations

Texas Government Code, Section 321.022, Coordination of Investigations

- a) If the administrative head of a department or entity that is subject to audit by the state auditor has reasonable cause to believe that money received from the state by the department or entity or by a client or contractor of the department or entity may have been lost, misappropriated, or misused, or that other fraudulent or unlawful conduct has occurred in relation to the operation of the department or entity, the administrative head shall report the reason and basis for the belief to the state auditor. The state auditor may investigate the report or may monitor any investigation conducted by the department or entity.*
- b) The state auditor, in consultation with state agencies and institutions, shall prescribe the form, content, and timing of a report required by this section.*
- c) All records of a communication by or to the state auditor relating to a report to the state auditor under Subsection (a) are audit working papers of the state auditor.*

The following actions have been taken by UT Dallas to ensure compliance with the Coordination of Investigations requirements:

- The Office of Audit and Consulting Services will report the activities listed in (a) above to the State Auditor's Office via their website at:
<https://sao.fraud.texas.gov/ReportFraud/>.
- Additionally, the activities listed in (a) above are reported to the UT System Audit Office.

VIII. Posting Requirements

Texas Government Code, Section 2102.015, requires certain information to be posted on the website. Below is a summary of the requirements:

- A. Approved FY24 audit plan. See <https://audit.utdallas.edu/audit-reports-and-plans/>.
- B. FY23 internal audit annual report. See <https://audit.utdallas.edu/audit-reports-and-plans/>.
- C. Detailed summary of the weaknesses, deficiencies, wrongdoings, or other concerns, if any, raised by the audit plan or annual report; summary of the action taken by the agency to address the concerns, if any, that are raised by the audit plan or annual report. See **Appendix 4**.

IX. Office of Audit and Consulting Services

- A. **Staff Size:** As of the date of this report, the Office of Audit and Consulting Services consisted of seven full-time auditors and one part-time (less than 50%) auditor. The organization structure is at <https://audit.utdallas.edu/authority-and-oversight/organization-chart/>.
- B. **Staff Experience and Certifications:** As of the date of this report, the internal audit staff consisted of highly qualified and skilled audit professionals with certifications that included three Certified Public Accountant (CPA), two Certified Internal Auditors (CIA), four Certified Fraud Examiners (CFE), one employee with a Certificate in Risk Management and Assurance (CRMA) and two Certified Information Systems Auditors (CISA). A complete list of internal audit qualifications can be found at <https://audit.utdallas.edu/about-us/staff/>.
- C. **Training:** Internal Audit staff received an average of 76 hours of continuing professional education during FY23. Key areas of training included emerging audit issues, governance, risks and controls, information systems auditing, cybersecurity, research risks, leadership, fraud, compliance and ethics. Most of the training was received by participating in conferences, seminars and webinars offered by the Association of College and University Auditors (ACUA), the Dallas Chapter of the Institute of Internal Auditors (IIA), the Institute of Internal Auditors, The University of Texas System, Baker Tilly, ISACA, and the Association of Certified Fraud Examiners (ACFE).
- D. **Contributions to the Profession:** Members of the staff contributed to the profession in numerous ways:
- ✓ The Chief Audit Executive (CAE) participated on the [ACUA](#) faculty, presented a session on auditing property at the ACUA Audit Interactive conference, and served as the ACUA Historian.
 - ✓ The audit staff worked with and mentored student interns in the [UT Dallas Internal Auditing Education Partnership](#) program, as they participated in various audit projects as student auditors during the year. During FY23, Audit and Consulting Services worked with seven student interns.
 - ✓ The CAE participated in a quality assurance review of another university audit department.
 - ✓ The Audit Manager participated in the ACUA data analytics committee.
 - ✓ The Senior Auditor participated with the Dallas Chapter of the Institute of Internal Auditors as the Registration Co-Chair.

EXTERNAL QUALITY ASSURANCE REVIEW

Note: at the time of this report an external quality assurance review was in process. A report is scheduled to be issued by December 31, 2023.

June 1, 2020

Ms. Toni Stephens, Chief Audit Executive
The University of Texas at Dallas

In April 2020, The University of Texas at Dallas (UT Dallas) internal audit (IA) function, the Office of Audit and Consulting Services (OACS), completed a self-assessment of internal audit activities in accordance with guidelines published by the Institute of Internal Auditors (IIA) for the performance of a quality assessment review (QAR). UT Dallas OACS engaged an independent review team consisting of internal audit professionals with extensive higher education and healthcare experience to perform an independent validation of OACS' QAR self-assessment. The primary objective of the validation was to verify the assertions made in the QAR report concerning IA's conformity to the IIA's *International Standards for the Professional Practice of Internal Auditing* (the IIA Standards) and Code of Ethics, Generally Accepted Government Auditing Standards (GAGAS), and the relevant requirements of the Texas Internal Auditing Act (TIAA).

The IIA's *Quality Assessment Manual* suggests a scale of three ratings, "generally conforms," "partially conforms," and "does not conform." "Generally conforms" is the top rating and means that an internal audit activity has a charter, policies, and processes that are judged to be in conformance with the Standards. "Partially conforms" means deficiencies in practice are noted that are judged to deviate from the Standards, but these deficiencies did not preclude the IA activity from performing its responsibilities in an acceptable manner. "Does not conform" means deficiencies are judged to be so significant as to seriously impair or preclude the IA activity from performing adequately in all or in significant areas of its responsibilities.

Based on our independent validation of the QAR performed by OACS, we agree with OACS' overall conclusion that the internal audit function "**Generally Conforms**" with the Institute of Internal Auditors' *International Standards for the Professional Practice of Internal Auditing* and Code of Ethics, as well as with OACS' conclusions regarding GAGAS and TIAA requirements. Our review noted strengths as well as opportunities for enhancing the internal audit function.

This information has been prepared pursuant to a client relationship exclusively with, and solely for the use and benefit of, The University of Texas System Administration and UT Dallas and is subject to the terms and conditions of our related contract. Baker Tilly disclaims any contractual or other responsibility to others based on its use and, accordingly, this information may not be relied upon by anyone other than The University of Texas System Administration and The University of Texas at Dallas.

The review team appreciates the cooperation, time, and candid feedback of executive leadership, stakeholders, and OACS personnel.

Very truly yours,

Dr. Richard Benson, President and Member of the Institutional Audit Committee
Mr. John Cullins, Chair of the Institutional Audit Committee

We are pleased to submit the annual internal audit plan for The University of Texas at Dallas. The UT Dallas Institutional Audit Committee approved the plan on July 7, 2023, and the UT System Board of Regents' Audit, Compliance, and Risk Management Committee approved the plan on August 23, 2023. As required by Texas Government Code, Section 2102.015, we are required to post this plan on our website at <https://audit.utdallas.edu/audit-reports-and-plans>.

Please note that given the rapidly changing environment, the FY24 Audit Plan and respective risks will be continuously monitored and discussed at the quarterly meetings of the UT Dallas Audit Committee. When necessary, this audit plan will be revised.

We appreciate the support that you, executive management, and the Institutional Audit Committee offer us in the performance of our responsibilities at UT Dallas.

Methodology

The UT Dallas FY24 Audit Plan outlines the internal audit activities that will be performed by Internal Audit during FY24 in accordance with criteria established by the [UT System](#), the [Texas Internal Auditing Act](#), the Institute of Internal Auditors' [International Standards for the Professional Practice of Internal Auditing](#), and [Generally Accepted Government Auditing Standards](#). The plan is prepared using a risk-based approach to ensure that areas and activities specific to UT Dallas with the greatest risk are identified for consideration to be audited.

Allocation of Time

The FY24 Audit Plan budget of 12,781 hours was based on available staff hours for 7.75 internal audit professionals.

The graph depicts the allocation of time. Assurance engagements, which comprise 60% of the total budget, are risk-based audits that typically encompass financial, compliance, operational, and information technology areas.

FY24 AUDIT PLAN ENGAGEMENTS

Risk Assessment Process

As part of the FY24 audit planning process, the UT Dallas Office of Audit and Consulting Services used the UT System Audit Office risk assessment methodology. The goals for this common risk assessment approach were to start at the top with an awareness of critical initiatives and objectives to ensure the risks assessed were the most relevant. The assessment process was standardized by creating common terms and criteria, enabling trending of risk and System-wide comparisons. An emphasis was placed on collaboration with other functions that assess, handle, or manage risk.

The risk assessment approach was based on a top-down process that included conversations, surveys, and requests for input with executive leadership, the audit committee, risk collaborators, and managers from the various operating areas on campus. Risks were ranked based on the probability and impact. ***All critical and high risks require either an audit or some other form of risk mitigation.*** Risk mitigating factors are contained in the detailed audit plan that is approved by the [Institutional Audit Committee](#). The graphs that follow represent the results of the risk assessment process.

Risk Matrix

Risk Scoring Matrix		Impact		
		High	Medium	Low
Probability	High	C	H	M
	Medium	H	M	L
	Low	M	L	L

Risks are identified as either High, Medium, or Low based on the probability of occurrence and the impact to the organization. When a risk is considered both a high probability and a high impact, it is defined as a critical risk.
